

Sponsorship Form

The Festival supports and encourages children's development by building self-confidence. It provides an opportunity to perform on a great stage and develop their skills and talents. Each child who takes part in the Festival receives constructive feedback from a professional adjudicator. We know the performers love the whole experience because they come back year after year!

Sponsorship enables us to engage professional adjudicators to give constructive feedback to each performer. It also helps to fund the winners' medals and the much-prized certificate that each child receives to commemorate their participation in the Festival.

Sponsorship starts at £50 for a single Class Sponsorship and increases for larger donations and advertisements. We are happy to develop bespoke advertising programmes with our main sponsors to help them achieve their corporate responsibility and advertising objectives.

Class Sponsorship £50:
